

GABLS1: selected TKE budget terms

Breeze: 8–9 h means; only fully completed and audited exports. Shown budget terms do not form a closed budget.
A budget residual must not be interpreted as numerical dissipation; unavailable terms are not replaced by zero.
Black dots: fixed 1.0 m ensemble median; interpolation precedes the median. Unavailable references are labeled.
Archive caution: 1.0 m IMUK SGS data contain upper-level anomalies; retained as supplied and flagged in the report.
